The diagram illustrates a file dependency structure. At the top is a header file, `src/mpk1/blk978/libfc.h`, enclosed in a grey box. Below it are two source files: `src/mpk1/blk978/blk978fc.cpp` on the left and `src/mpk1/blk978/libfc.cpp` on the right, both in white boxes. Blue arrows point from each source file to the header file, indicating that both source files include or depend on the header file.
